

**DEPARTMENT OF GENERAL SERVICES  
Telecommunications Division  
Office of Network Services**

**SPECIAL ATR BULLETIN 2005-06**

**STATE TELECOMMUNICATION MANAGEMENT MANUAL UPDATES  
June 13, 2005**

The State Telecommunications Management Manual (STMM) has been updated with information from the Management Memo 04-08, State Telecommunications Vision, Strategy, and Policy, March 4, 2004. This information applies to use of the **California Integrated Information Network (CALNET)** Master Contract.

- [Chapter 0421](#), Mandatory Services List, provides specific directions to non-exempt State agencies regarding mandatory telecommunications services required to be purchased from CALNET.
- [Chapter 0442](#), CALNET Exemption Requests and Non-CALNET Acquisitions, provides information and requirements for non-exempt State agencies to meet when requesting an exemption from the mandatory services identified in the STMM Chapter 0421. It also outlines the conditions that must be met for other non-CALNET telecommunications acquisitions.
- [Chapter 0443](#), Telecommunications Project Delegation, provides information and guidelines to request approval for project delegation for telecommunications projects, equipment and systems. This chapter combines the previous Chapters 0400 and 0401. The information previously contained in those chapters has been extensively revised.

For any questions regarding this bulletin or other telecommunications issues, please call the DGS Telecommunications Division Resource Communications Center at (916) 657-9903 (CALNET 437-9903), and ask to speak to a Customer Account Manager.

BARRY R. HEMPHILL  
Deputy Director for Telecommunications
